

# ERIC RIERA PUERTAS

FULL STACK DEVELOPER | SOFTWARE ENGINEER

## ABOUT ME

I am a graduate in Computer Engineering with a specialization in Software Engineering from FIB-UPC. I describe myself as a fast learner and a good problem solver. I like learning new things every day and taking on new challenges.

## WORK EXPERIENCE

### Junior Full Stack Developer

Air-Fi | November 2024 - Present

- Led the migration of the frontend from Vue 2 to Vue 3, improving code structure, performance, and maintainability.
- Contributed to the backend upgrade from Django 3 to Django 5, enhancing stability and best practice alignment.
- Developed key features such as two-factor authentication (2FA), customizable PDF and email templates, and a complete notification system.

### Full Stack Developer Intern

Amphora Logistics | July 2023 - June 2024

- Develop, maintain, and evaluate web application software for order, product, and shipment management.
- Database management (DynamoDB).
- Develop microservices with serverless framework for new functionalities.
- API integrations.
- Working mainly with Python and Vue.

## EDUCATION

### Bachelor's Degree in Informatics Engineering

Universitat Politècnica de Catalunya | September 2020 - June 2024

- Major in software engineering
- Bases on project management, Multi-tier architecture, Design Patterns, Object-Oriented Programming and Software Architecture.
- Prepared for being a Full-Stack developer and work with agile methodologies.

### Technological Baccalaureate

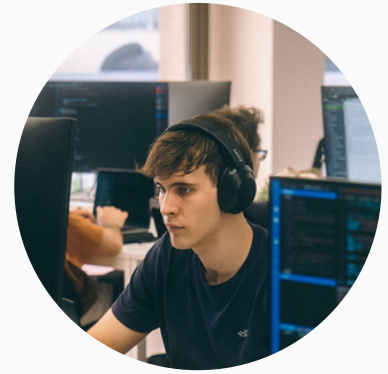

Institut Gallecs | September 2018 - June 2020

- With electro-technics, physics, technology and mathematics subjects selected as optionals.

## ADDITIONAL EDUCATION

### B2 First (FCE)

Cambridge University Press & Assessment | July 2019
